Re: Unity Broadcasting LLC (UBL)
WNTF(AM), Bithlo, FL
Facility Identification Number: 14556
Special Temporary Authority (STA)
BESTA-20190919ABN

Dear Ms. Persuad:

This is in reference to the request filed on March 12, 2019. UBL requests a further extension of the STA granted on June 2, 2016, to operate ND daytime with reduced power pending further action on BP-20190827AAC.¹ In support of the request, we noted that UBL plans on filing an FCC Form 302 application for a new license after BP-20190827AAC has been granted by our staff.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and UBL may continue to operate daytime only using tower #3 with a maximum of 2.5 kW. UBL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310.

¹ WNTF(AM) is licensed for 10 kW daytime only DA operation on 1580 kHz, and BP-20190827AAC proposes using one of the existing towers with 4.7 kW (day) and 0.01 kW (night).

This authority expires on **April 1, 2020.**

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.
